One of the newest fads in furs is leopard skin. That decorative belt, long loved by artists, now adds its rich beauty to my lady's toilette. The scarf, a good foot at its broadest, tapers to an end about eight inches in width and is overlapped far to the left. The flat muff, like the scarf, is untrimmed, depending entirely on its natural beauty to my lady's toilette. The scarf, worn over a golden brown velvet, and on the graceful head of the wearer was the finishing touch to the toilette—a large black velvet hat with clusters of black ostrich plumes and Paradise feathers.

The officers of the Topeka Federation of Women received the members and their husbands and other guests at "varnishing night," at the art exhibition, which is being given in the Elks hall today.

The officers of the federation greeted the callers, and later in the evening the artist who painted the pictures in the exhibit, Mr. John Coggeshall, made an address giving some of the interesting occurrences in the life of Whittier. Mrs. A. Marburg, federation president, presided. Mrs. A. O. Wellman, who is at the head of the art department of the federation, spoke briefly of the desire of the federation to contribute to the cultural and educational side of the town's life, and she introduced Mrs. W. A. McCarter, who is at the head of the department of education. Mrs. McCarter told of Whittier's eminent and permanent place in the American world of letters, of his love of nature, his interest

in his fellow, and his religious life. She quoted from a number of his best liked poems.

Mr. Coggeshall showed a number of large, beautifully finished photographs which he had taken within the past few weeks, showing scenes from Whittier's life; the place of his birth, and pictures of places made famous by his poems. He gave a few brief readings which some of his pictures illustrated. After the lecture, the guests were given an opportunity to examine the pictures in the exhibit, which were hung on the walls of the women's parlor and dining hall of the club house.

The club women of Topeka have furnished a number of exhibits for the benefit of their townspeople, and none of them have been more enjoyable than that now in progress. The effort of the federation to add measurably to the intellectual and artistic assets of the community is one of the praiseworthy objects of the organization, and as one of the results of last year's exhibition, there are now nine new pictures given by the federation to the city, to be hung in the school buildings. One of the pictures, painted by George Stone, will be presented to the high school.

The executive board of the Topeka Federation of Women's clubs will give a 6 o'clock supper tonight at Mills Tea room in honor of Mrs. John L. Coggeshall, the artist from Lowell, Mass., who is exhibiting New England pictures and who lectured on Whittier Land before the members of the federation and their guests last night at the Elks' club. Out of town guests who will be present tonight are: Mrs. Effie Van Tuyl and Mrs. Dr. Lloyd of Leavenworth, who are visiting Mrs. A. A. Marburg, and Mrs. Charles Hobart who is the guest of Mrs. W. A. McCarter. The members of the executive board are: Mrs. Marburg, president of the federation; Mrs. H. O. Garvey, Mrs. F. W. Watson, Mrs. O. L. Moore, Mrs. C. F. Spencer, Mrs. A. H. At the Elks.

Familiar as is "Arisona" to the play-going public, the presentation of this play as photo-drama is said to contain many features which add to its attractiveness beyond the spoken drama. Scenes impossible to be shown upon the regular stage are here projected with a background of nature itself. More than one hundred and fifty people were employed in the making of this film, which was staged under the direct supervision of Augustus Thomas. For the principal characters a notable cast

was provided, headed by Cyril Scott as Lieutenant Denton, and Gail Kane as Bonita. Robert Broderick, who created the role of "Canby, the Ranchman," in the original production, was secured by Mr. Thomas for the photo-play. This photo-drama comes to the Iris on Thursday, Friday and Saturday only.

Seattle, Wash., Nov. 12.—Harry Toy, a wealthy Americanized Chinese, has been arrested by William R. Bryon, special agent of the department of justice, on a charge of violating the Mann act in making a slave of Goldie Goddell, 18-year-old daughter of the Rev. T. C. Goddell of Portland, Ore. Toy was arraigned before United States Commissioner W. D. Totten and demanded in default of \$5,000 bail.

Toy, who has been conspicuous in Chin-American activities in Seattle for many years, created a sensation three years ago, when he married Christie Goddell, a worker in a Portland mission where Toy attended school. Soon after the marriage Toy's wife and her sister, Goldie, grieving over Mrs. Toy's death, entered a convent.

Government agents allege that, after months of pleading, Toy induced Goldie Goddell to leave the convent and come to Seattle to live with him. Soon afterward, it is alleged, he married her in a resort. Special Agent Bryon said he had evidence Miss Goddell tried to escape, but Toy caught her and brought her back, telling her if she ever left him he would notify Chinese towns throughout the country and she would be sent back to him or killed.

## HE TURNED THE TABLES

Rock Island Clerk Went to Another Road and Ruined Old Business.

Not very long ago a young rate clerk in the Topeka office of the Rock Island Lines was appointed general passenger agent of the newly constructed Kansas City, Clay County & St. Joseph railway. J. H. Miller is his name. Miller, after becoming accustomed to his new work and surroundings, immediately began arranging the passenger schedules of his Kansas City to St. Joseph trolley lines. Today, J. A. Stewart, general passenger agent of the Rock Island in Topeka, announced that his road would discontinue all of their Kansas City to St. Joseph passenger service after next Sunday.

Thereby hangs a tale: A Rock Island rate clerk stepping out of his steam railway work stepping into the electrical railway position and building up a competition that put the steam service clear out of business.

That is what J. H. Miller has done as general passenger agent of the electric road from Kansas City to St. Joe. The result of a long tedious time-card meeting of the operating and passenger men of the second district of the Rock Island in Topeka will take off the entire service mentioned.

It has been practically decided also to operate train No. 78 between Topeka and St. Joseph, 35 minutes later giving out-of-town shoppers an extra half hour in this city. The train under the new time card effective Sunday will leave Topeka at 3:55 in the afternoon instead of 3:20 o'clock.

As a result of the time-card shuffling here, the Rock Island announces that No. 4, the crack Golden State Limited, will leave Topeka five minutes earlier and arrive in Chicago 30 minutes earlier. The train now arrives here at 5:15. It will make the 2,300 miles between Los Angeles and Chicago in 68 1/2 hours, ending the railway speed war as far as the Rock Island is concerned.

No. 2, the Rock Island's all-class train Los Angeles to Chicago will arrive in Topeka at 8:45 o'clock in the evening instead of 8:20. It will arrive in Chicago at the same time—1:30 p. m.

The trains discontinued between Kansas City and St. Joseph were Nos. 53 and 54 and 23 and 24. Nos. 53 and 54 formerly operated between Topeka and Kansas City by the way of St. Joseph. Under the new card they will stop at St. Joseph. Nos. 23 and 24 will not go beyond Kansas City, as far as St. Joseph traffic is concerned.

No other changes are contemplated under the winter time-card arrangements.
